

# BRING ME SUNSHINE     By Arthur Kent and Sylvia Dee

INTRO: 1 2 / 1 2 3 4 / [C] / [C] / [C] / [C] STOP

Bring me sunshine, in your smile     Bring me laughter all the while

In this world where we live     There should be more happiness

So much joy you can give     To each [STOP] brand new bright tomorrow

Make me happy, through the years     Never bring me any tears

Let your arms be as warm, as the sun from up above

Bring me fun, bring me sunshine, bring me love

<First line – Kazoos only>

*Bring me sunshine, in your smile     Bring me laughter all the while*

In this world where we live     There should be more happiness

So much joy you can give     To each [STOP] brand new bright tomorrow

Bring me sunshine, in your eyes     Bring me rainbows from the skies

Life's too short to be spent, having anything but fun

We can be so content, if we [STOP] gather little sunbeams

Be light hearted, all day long     Keep me singing happy songs

Let your arms be as warm, as the sun from up above

Bring me fun, bring me sunshine, bring me love

Bring me fun, bring me sunshine, bring me love
